

Consult Your Physician

Consult Your Physician

Schedule an appointment with a licensed healthcare provider who is authorized to certify patients for medical cannabis use.

Discuss Your Eligibility

During your appointment, discuss your condition and explore whether medical cannabis is a suitable treatment option.

Obtain Certification

If your provider determines that you are eligible for medical cannabis, they will complete the necessary certification.

Provider Prints Your Card

Your provider will print your medical cannabis card on tamper-proof paper directly from their office.

Card Mailed to You

Your provider will mail the printed card to your home address.

Contact If Delayed

If you do not receive your card within a week, contact your provider's office for assistance, or call us at (866) 846-2420.

There is no state registration for obtaining a medical marijuana card in Maine. Certified providers handle both certification and card issuance, printing the cards on tamper-proof paper and mailing them directly to patients. Medical marijuana cards are valid for one year from the date of issuance, and annual certification renewal is required. If you need assistance at any point, don't hesitate to reach out to us. We're here to help!
